

**MAHARISHI
UNIVERSITY**

Annual Report 2024-25

MIRC
(Maharishi Industry Relations Cell)

Introduction

Maharishi Industry Relations Cell (MIRC) is the Training and Placement department of Maharishi University. MIRC has been set up by the University as per the vision of Maharishi Mahesh Yogi ji, our First Chancellor, to provide access to internship openings, job opportunities, career guidance, skill development along with several tools and opportunities for all the students at the University.

In today's technological era companies are looking at a high level of communication and technical skill in the candidate. We at MUIT groomed our students not only as per corporate desire but we teach the most important aspect, i.e. Life skills. It helps them to be always constructive and focused on work.

As MUIT is a premier university in Uttar Pradesh evolved at par with the global education ecosystem,

distinct from others. Our dedicated scholar student and subject expert professional professor's results in a great learning environment. Interactive sessions with industry professionals are held very frequently, prominent speakers from premier companies share their experiences and expertise with our students. That helps students to develop their analytical and decision-making skills.

Therefore, we are always confident to say our students are ready for the corporate world six months before their campus placement. The intensive soft skills training courses are mandatory for all students from their first semester. These bring an early internship with the pre-placement offer to them. We are deadly sure our trained young students would be an asset to any organization.

Key Responsibilities of the Cell

- Bridge the gap between industry and academia
- Enhance students' employability
- Organize training programs for skill development
- Facilitate internships and final placements
- Organize campus recruitment drives
- Conduct skill and technical training sessions
- Build industry collaborations and sign MOUs
- Provide career counseling and guidance
- Engage alumni for mentorship and networking

Mock Interview Session & Internal Session by MIRC

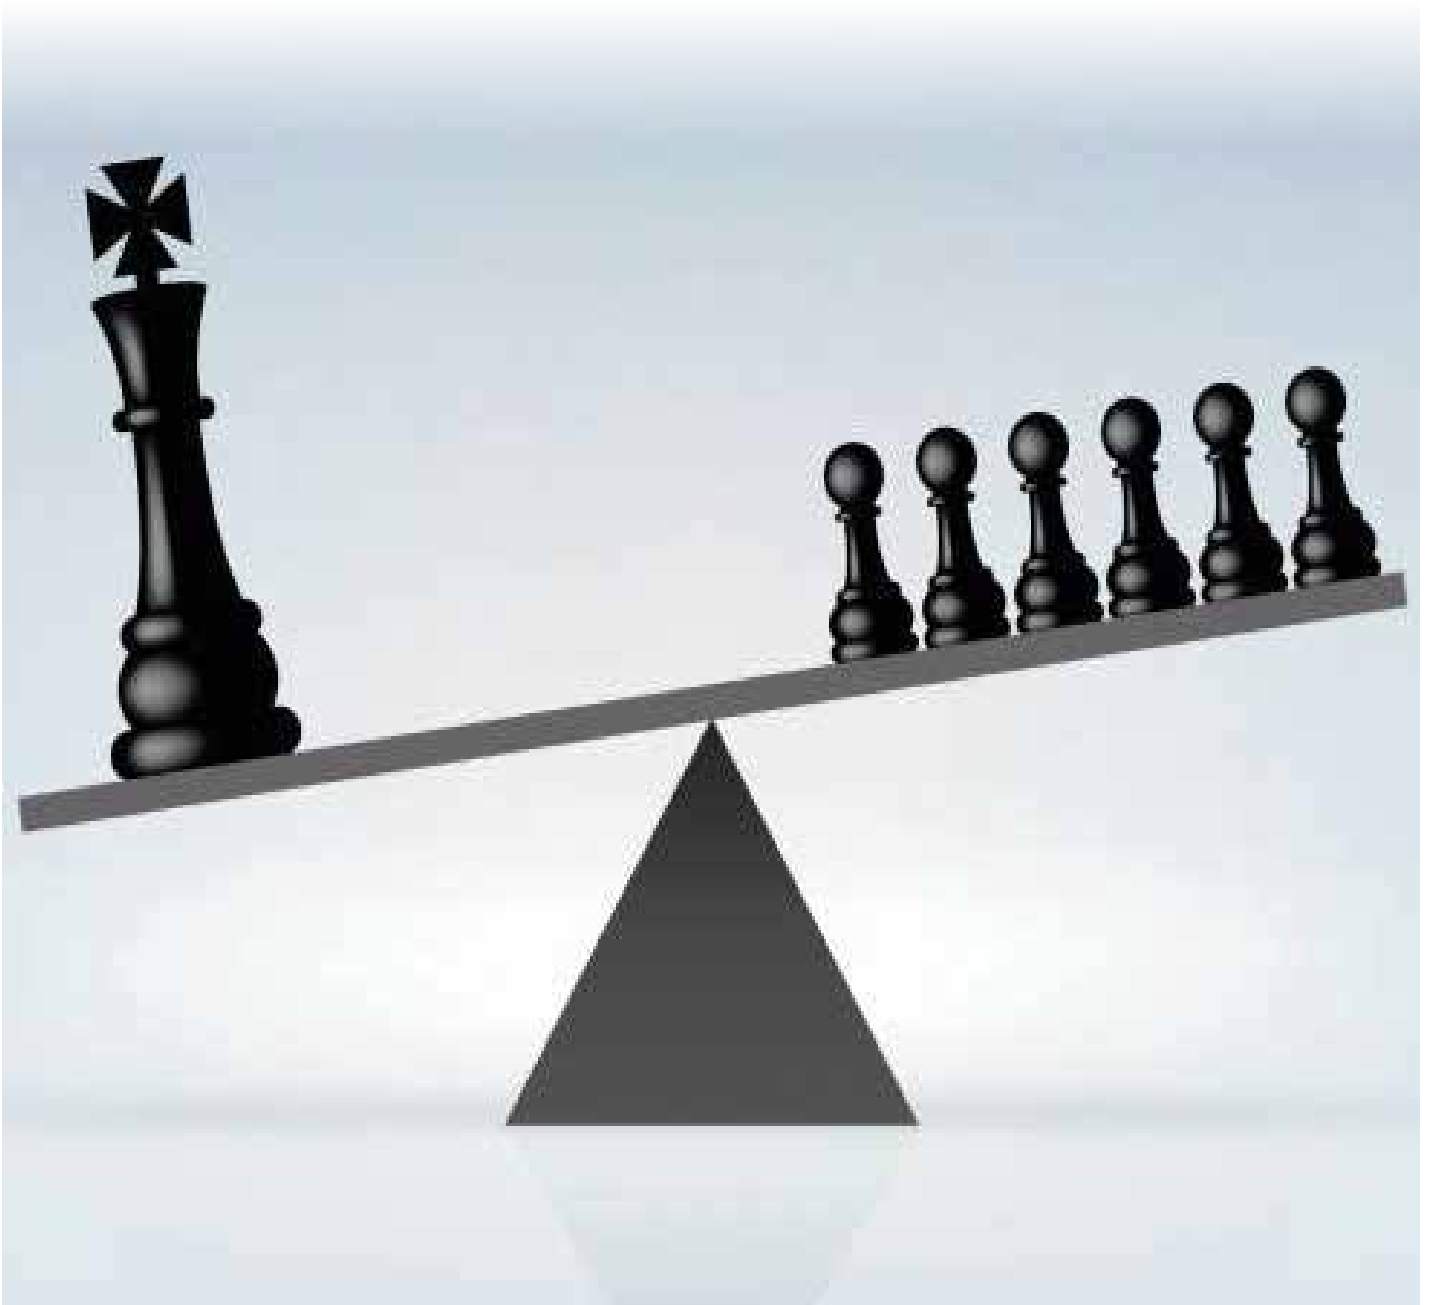

Conclusion & Way Forward

The academic year 2024–2025 has been a milestone in the journey of Maharishi University of Information Technology's Training & Placement efforts. With a blend of industry collaboration, student preparedness, and dedicated faculty support, MIRC has successfully strengthened the university's position as a preferred talent hub for leading organizations.

As we step into the upcoming year, we remain committed to:

- Expanding corporate outreach
- Enhancing training modules aligned with industry 4.0
- Providing global internship opportunities
- Boosting entrepreneurship and innovation support

We thank all our corporate partners, alumni, students, and faculty for their continued trust and collaboration.
